

## **Item Maintenance Type Codes for the 879 Cost Change and the 888 Item Maintenance Transaction Sets**

There are different codes depending on what the action of the item will be an add, a delete or a cost change.

Please refer to the specifications.

If you are transmitting an "add" or "new" item:

In the 888, the G5301=003

In the 879, the G9101=W

If you are transmitting a "delete":

In the 888, the G5301=002

NO 879 NEEDED FOR A DELETE.

If you are transmitting a "cost change":

NO 888 NEEDED FOR A COST CHANGE

In the 879, the G9101=B

We do not support any other 'changes' except for cost.
